Art project proposal sample

How can art benefit children? Art increases attention span, problem-solving skills, and other cognitive social-emotional skills such as turn taking and observation by engaging children's senses in open-ended play. Children can express themselves authentically through meaningful art experiences, which provide them the freedom of choice, cognition, and feeling. Teachers, especially art teachers, should always encourage art activities and projects. Dance, music, and theater are examples of performing arts, while visual arts such as drawing, painting, sculpture, and design works are examples of visual arts.
